### INSTRUCTIONS

Refer to the Whimsical Woodland Faces pattern and appliqué one animal face on each of the ten 7 1/2" squares. You must add seam allowance. How much depends on your choice of appliqué method and personal preference.

**Stitch the borders:** Using 1/4" seam allowance, stitch the side borders (7 1/2" long) to each of the animal squares. Press the seams toward the border. Stitch the top and bottom borders (10 1/2" long) to each of the animal squares. Press the seams toward the borders.

**Front cover:** Appliqué the upper part of the tree, mushrooms and butterfly to one of the medium blue 10 1/2" squares. See drawing.

**Decide the order of the pages:** Lay the animal blocks and covers out in a row. Begin and end with the covers. Rearrange as you wish. Pick up in pairs.

**Layer and stitch the pairs together:** Stack each pair in the following order:

flannel square (be sure to cut a 1/2" off of each corner)

animal square *face up*

animal square or cover *face down*

Using 1/4" seam allowance, stitch the three layers together. Leave about 3" open for turning. Clip the corners. Turn inside out. Square up corners. Press the edges. Blind stitch the opening closed.

**Grommets/eyelets:** Mark the **centers** 3/4" from the left edge and 2" from the top or bottom edge. Follow the instructions with the grommets/eyelets.

Feed the pages onto the grosgrain ribbon. Tie a square knots. Clip ends.

### Suggestions:

Write the name of the animal near the animal or on the border.

Personalize the cover(s) with the name(s) of the child(ren) or a title such as "My Animal Book" or "Whimsical Woodland Faces".

Add embellishments: small bows, buttons, beads, lace or trim, etc.

Use 1 1/2" or 2" loose leaf binder rings instead of ribbon.

Machine made eyelet or small buttonholes can be used in place of the metal grommets/eyelets.

Stitch the side borders, then the top and bottom borders.

Stitch around, clip corners, turn inside out, and stitch the opening closed.
